Woodbridge, VA— Belvoir Federal Credit Union recently introduced CUXcel checking, a new product that pays members above market rates and refunds ATM surcharges, with no minimum balance.

“According to Bankrate.com, the national average earnings on interest checking accounts are 1.56% APY,” stated Patricia Kimmel, President and CEO for Belvoir Federal Credit Union.

“We are offering members the ability to earn substantially more than that without requiring a large minimum balance. If members don’t qualify one month for bonus rates, there is no penalty – and they have the opportunity to qualify the next month.”

Members earn bonus rates on their CUXcel checking account by meeting four conditions each month – using their CheckCard 15 times, having one automatic deposit or withdrawal, accessing

BOB (Belvoir Online Banking) and receiving their statements electronically. For more information please visit [www.belvoircuxcel.com](http://www.belvoircuxcel.com).

Belvoir Federal Credit Union is a full-service, member owned, not-for-profit financial cooperative providing the foundation for the financial success of our Members.
