Woodbridge, VA— Belvoir Federal Credit Union staff and teachers at Gar-Field and Woodbridge Senior High Schools recently provided a financial education program titled “Reality Cash Course” to more than 600 students. The goal of the program is to develop the knowledge and skills needed to use these processes in practical, real-life situations involving the use of money. Students are assigned a gross income, marital, family and benefit status and they learn how to calculate their net monthly income from a gross salary. With this information, students create a monthly budget that includes mortgage, groceries, and everything else a household faces. It is an invaluable piece in helping students put together the puzzle of their future.

The students were also encouraged to talk to their parents, teachers, and other significant adults in their world to learn what it is really like to be financially successful. The most common comment heard from students that participated in the event was “an eye-opening experience”.

Belvoir Federal Credit Union is a full-service, member owned, not-for-profit financial cooperative providing the foundation for the financial success of our members. For more information about Fort Belvoir Federal Credit Union, please visit our web site at
